AMSTRAD SCREEN SHOTS
Sabotage is a fast and furious shoot em up in the best tradition.
The graphics are simply superb and the gameplay has many fine flourishes.
As a highly regarded mercenary your task is to see off a fleet of marauding aliens attacking your planet. You are not alone though there are some rebels in the alien camp whose blueprints to the plans of the alien mothership will allow you to destroy it and end its evil onslaught once and for all.
Amstrad Program & Graphics – Hugh Mo
Game Design – Jason Fox & Adam Gilmore
